Slow Juicer**

Juicing has never been easier .
Juice whole fruits and vegetables!

***Drink all nutrients of
your fruits and vegetables!***

Whole Slow Juicer Technology

Patented Juicing Screw

Single auger is invented by innovative technology, J.M.C.S. (Juicer Module Comprising System), allowing efficient extraction. The technology provides more vitamins and minerals and minimizes separation in juice.

Low Speed Masticating Method

Kuvings Whole Slow Juicer uses the low speed masticating method. It makes 100 % percent natural juice and prevents healthy enzymes from being destroyed.

High speed traditional juicer

Kuvings Whole Slow Juicer

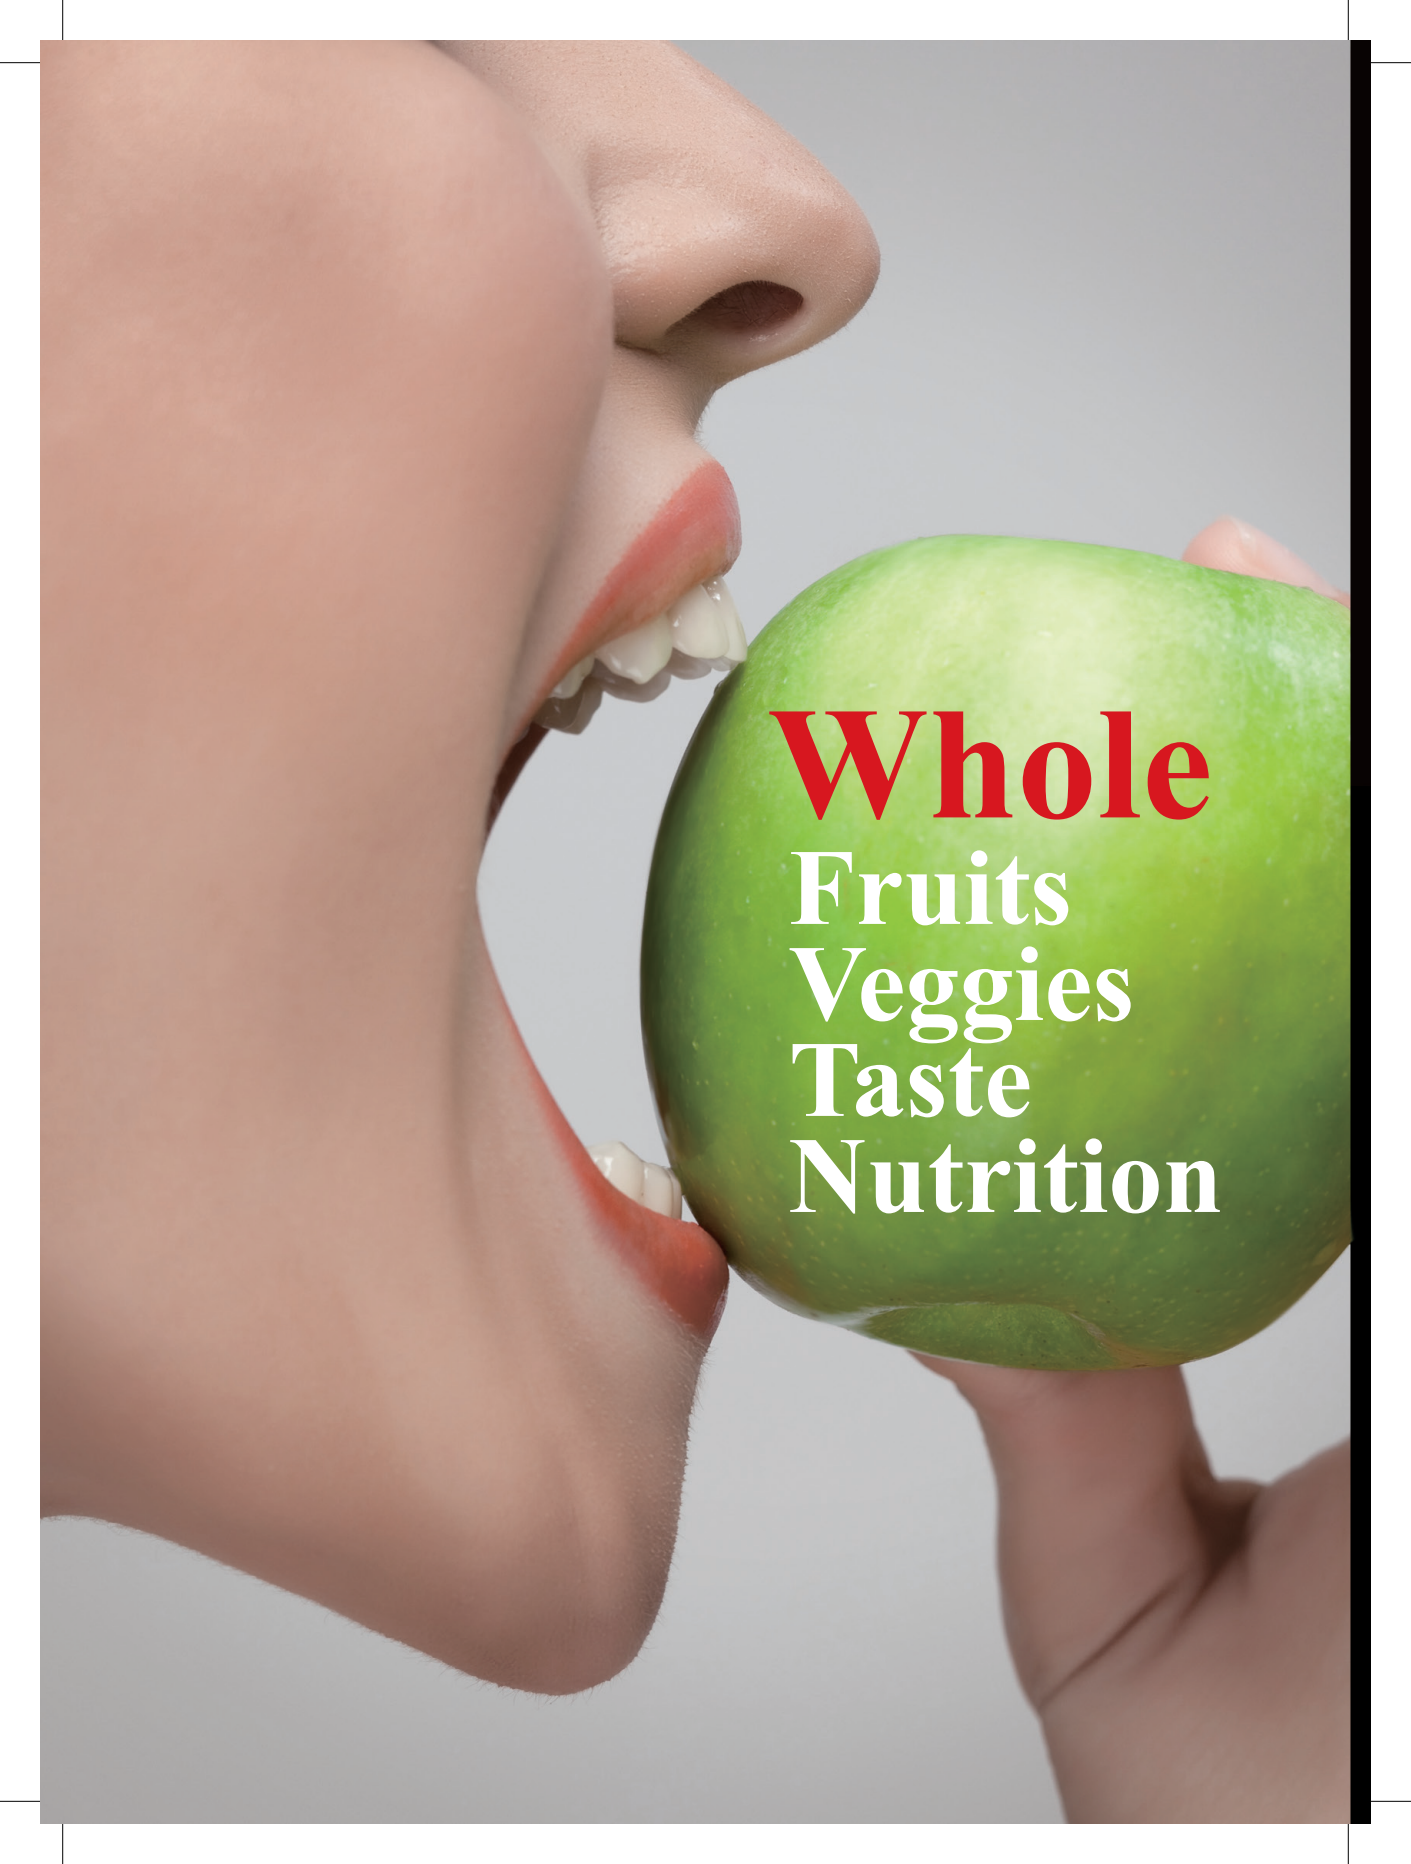

Quiet Operation

Unlike high-speed centrifugal juicers, Kuvings Whole Slow Juicer operates quietly reducing noise or vibration.

Powerful Motor

For quality control, the powerful motor is in-house manufactured and can operate for up to 30 minutes.

Juices by Kuvings Whole Slow Juicer

- Digestion-absorption rate : 65 %
- Digestion-absorption time : 10-15 min

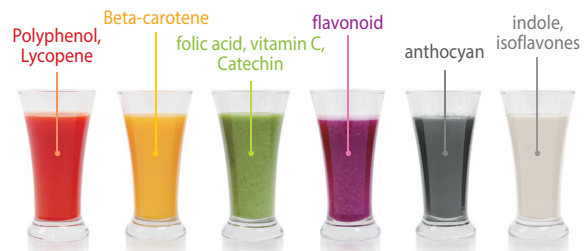

Whole Slow Juicer

A tall glass of all natural Kuvings juice makes you feel special.

Fruits and vegetables are essential to our bodies.

Plants growing under the sun absorb nutrients from the earth, which allows them to endure scorching heat and blistering cold. To protect themselves and grow, plants produce natural chemicals over a long period of time. These are called “phytochemicals”. Drinking plenty of phytochemicals in colorful undiluted fruit and vegetable juices has antioxidant effects. You can live longer and healthier thanks to their anti-aging effect and protection from lifestyle diseases. We cannot change our eating habits overnight. Begin by adding a new phytochemical color to your current diet one at a time. Once you stop eating too much fast food and meat and experience the bitter, sweet and sour taste of natural plants, your diet will change for the better.

Phytochemicals,
nutrients found in
fruits and vegetables
in five different colors.

Kuvings

Frozen Dessert Maker

Enjoy a nice smoothie or dessert with friends and family to re-energize your tired body and soul.

Using the blank strainer, you'll be able to make frozen desserts

Frozen fruits are transformed into a sorbet that is easily made at home. Give your children love by making them a fruit dessert yourself rather than buying them ice cream that contains additives and preservatives.

Blank Strainer
(Sold separately)

Kuvings

Smoothie Maker

A sweet and smooth temptation by nature!
Start your day off right with simple,
healthy smoothie.

Using the smoothie strainer,
you'll be able to make a variety of smoothies

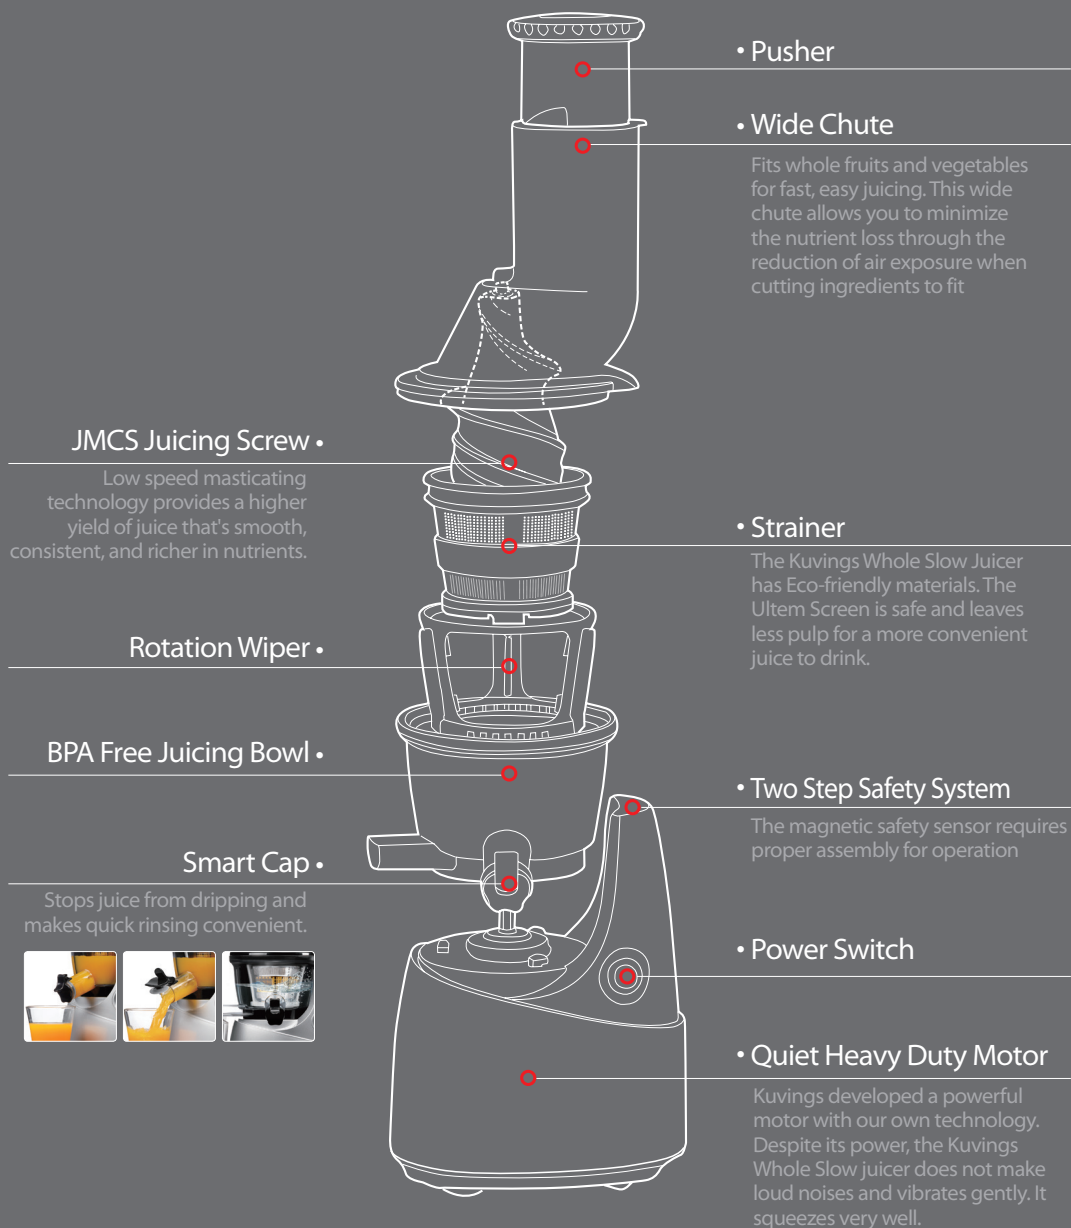

Not only are they easy to make, but smoothies are made with many fruits so they are rich in flavor and nutrition. They are creamy and easy to drink, and they offer different tastes depending on the ingredient used. Bananas and milk create a sweet and smooth taste while nuts create a toasty taste.

Smoothie Strainer
(Sold separately)

Special Features

Smart Cap •

Stops juice from dripping and makes quick rinsing convenient.

Cleaning Tool

Patented rotating brush for optimum hygiene and easy cleaning with a comfortable one-handed grip

B6000W

Voltage	AC220-240V, 50/60Hz
Power Consumption	240W
Maximum Use	Less than 30 min
Weight	6.4kg
Dimension	228 x 208 x 448 (mm)
Type	Low speed compression

B6000S

Voltage	AC220-240V, 50/60Hz
Power Consumption	240W
Maximum Use	Less than 30 min
Weight	6.4kg
Dimension	228 x 208 x 448 (mm)
Type	Low speed compression

B6000R

Voltage	AC220-240V, 50/60Hz
Power Consumption	240W
Maximum Use	Less than 30 min
Weight	6.4kg
Dimension	228 x 208 x 448 (mm)
Type	Low speed compression
